

Primary School PE and School Sport Funding 2015 - 2017

Oakham C of E Primary School

The Parks School

London 2012 gave Britain a once in a lifetime opportunity to inspire a generation to enjoy sport and the Government wants to embed that into the school day from an early age. The new PE & sport funding aims to improve the quality of provision in every primary school in England. This includes:

- a) A lump sum of £8,000 for each school, with a £5 per-pupil top-up.
- b) Ring-fenced funding - only to be spent on PE and sport it will go directly to schools who will decide what is best for their children's needs.
- c) Tougher assessment of PE and sport provision via Ofsted to ensure the funding is bringing the maximum benefit for all pupils, with schools held to account for.
- d) Funding has been committed until 2020, but not necessarily in the same format.

Funding Allocation

The amount of Pupil Premium funding for 2015 – 2017 for Oakham CofE is **£18,990**. The Parks School received **£0**. This funding is then budgeted for the following approximate costing:

- Staff CPD - £10000
- Sport participation - £1500
- Additional Provision - £4000
- Transport - £1500
- Resources - £1700

Provision	Outcome	Update (Term 1 2015)	Update (Term 4 2016)	Update
Sport participation	Children to be given the opportunity to play a sport or in a team for their school at Level 2 and 3 competitions. Planning to be differentiated and inclusive for all pupils. Offering a variety of	A PE display board has been purchased and put up to promote clubs, teams and upcoming events. Staff are continuing to use the Val Sabin scheme of work which was bought in the last academic year. Feedback has been positive and children have commented on how	PE board is updated regularly. After school clubs have rotated to include new pupils and new sports. Intake is being monitored each term (34% - intake is less than previous terms as after school SATs clubs have begun to run) A cricket coach has been booked to	

skills and knowledge in a range of sports.

much they enjoy PE sessions.

After school clubs are up and running and all have had good intake numbers (50%)

Year 5/6 have been given some FA Skills training from a qualified football coach (7 week block).

deliver a term of sessions for the year 3/4 cohort. They will also deliver a CPD session for at a staff meeting after school in Term 6.

The football, rugby, cross country, swimming and gymnastics teams have all participated in competitions.

A year 3/4 class represented our school at the annual Spotlight Dance competition.

We are currently in 9th position on the Active Rutland medals table, which is 7 places higher than where we were last year.

The ASD class went to an inclusive athletics event in Leicester.

A swimming team participated in 10 practise sessions at Oakham pool and then competed in the Rutland gala. This helped many children win medals for 3rd, 2nd and 1st

place.

Additional provision

Increase children's activity levels during school.

Promote healthy lifestyles and the importance of physical activity.

Pupils receive 2 PE sessions a week as well as complete 2 6 week blocks (KS1) or a 6 week block (KS2) of swimming.

The DSP/ASD unit within the school receive two 4 week blocks of horse riding.

PE lessons are being taught twice a week using the Val Sabin planning scheme. Teachers are happy with how easy they are to follow and how they follow a sequence of skills to build up on.

Each FS/KS1 class has completed at least one block of swimming and KS2 are halfway through.

53% of the Year 5/6 cohort have achieved the 25m swimming mark and 36% of the Year 3/4 cohort have achieved this.

The ASD/DSP cohort have all received one block each of horse riding and are about to repeat that rota. Some chn have already competed in riding competitions.

A 'Chop and Taste' club ran during Term 3, where families were invited to come along and try different

forms of exercise as well as learn how to cook healthy and nutritional food. A total of 3 families participated.

Staff CPD

Staff to be confident when delivering Good- Outstanding PE lessons. Being able to impart new skills and knowledge to pupils effectively.

To develop and improve staff subject knowledge and skills in a variety of sports.

Year 5/6 staff have been given training by a qualified FA Skills football coach. They are to observe and take part in the sessions as well as complete weekly tasks set by the coach.

Some staff have signed up for CPD courses and workshops in the Rutland area. They have chosen courses that deal with the areas they feel they are weakest in, such as assessment etc.

Unfortunately the courses and workshops we signed up for did not run (cancelled by Rutland Sports).

A cricket coach has been booked to do an after school session in Term 6 for staff. This will hopefully build the confidence of staff to try and teach lessons in a new and exciting way rather than repeat what they have done previously.

A large PE order was placed after staff cleared old and faulty equipment from the PE cupboards. New and extra equipment bought for teachers to use during lessons and at after school clubs. This will have an impact on lesson structure and hopefully the chn's skills will improve with the use of new and suitable equipment. Teachers will be

able to teach whole classes at once
and not keep others
waiting/watching the action.
