

Primary School PE and School Sport Funding 2015 - 2020

Oakham C of E Primary School

The Parks School

London 2012 gave Britain a once in a lifetime opportunity to inspire a generation to enjoy sport and the Government wants to embed that into the school day from an early age. The new PE & sport funding aims to improve the quality of provision in every primary school in England. Since 2017 the funding has been doubled and this has been pledged until 2020. This includes:

- a) A lump sum of £16,000 plus a £10 per-pupil top-up for children in years 1-6.
- b) Ring-fenced funding - only to be spent on PE and sport it will go directly to schools who will decide what is best for their children's needs.
- c) Tougher assessment of PE and sport provision via Ofsted to ensure the funding is bringing the maximum benefit for all pupils, with schools held to account for.
- d) The funding has been allocated to: develop or add to the PE and sport activities that your school already offers and build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- e) Funding has been committed until 2020.

Funding Allocation
